THE MODULAR SCHOOL

What is the Modular School?

The Modular School is a training course series for those whose commitments do not allow for attendance on one of the longer Ellel Ministries Schools. It is run at Ellel Grange, Glyndley Manor and many overseas Centres as a series of weekend courses, and at Ellel Scotland as three one-week events.

Students who have completed the School have discovered that their walk with the Lord has been enriched and their relationship with Jesus has deepened. Additionally, many have found that their individual callings have been confirmed.

The Structure of the School

The courses are progressive in their content and students are encouraged to go through them in the established order. The Modular School culminates in a Healing Workshop giving practical experience in the healing ministry alongside members of the Ellel Ministry Team.

The courses provide teaching and understanding in manageable units, as well as inspiring and encouraging personal growth, healing and restoration. This is vital for equipping God's people to minister His healing power and love out of real understanding and personal experience.

Tutorials and Assignments

The School has dedicated tutors who help to facilitate discussions during tutorial sessions. These sessions do not form part of normal training courses - they are a special feature of the Modular School. Students find these to be a place of love, acceptance and fellowship as well as a place where the learning process is enhanced. The tutors also issue homework assignments to those who wish to carry out further study, although these are not compulsory.

Modular School Part B

For those who complete the School (Part A) there is a follow-on School which builds on the understanding gained in Part A and consists of 10 further courses: *Healing for Abused People; Healing for Victims of Accident & Trauma; Dealing with Stress, Anxiety & Burnout; The Truth About Relationships; Deliverance Ministry 2; Transformed by the Renewing of the Mind; Steps to Freedom from Addiction; Anger-How do we Handle It?; Healing through Creativity; Healing Workshop.*

These cover major areas of need among hurting and broken people. Students on Part B may be given the opportunity to apply what they learn in prayer ministry situations. This will be at the discretion of the tutors, and under the supervision of an Ellel Ministry Team member.

“The Modular has given us focused time with the Lord. The whole environment makes it easy to open up to God and in each module He reveals more of Himself. We have shared what we have learned with our home church and real interest has been awakened.”

“I have been enthralled with the teaching. It has real depth and has sorted out a lot of issues for me - many of which I wasn't even aware of! The Modular is very good value and the Lord provided in amazing ways for us to come.”

WHAT PREVIOUS MODULAR STUDENTS SAY...

“It is thrilling to see God working in my own and others' lives. Already the teaching on the Modular has helped with family problems. God is opening up opportunities for us to help others, and every module seems to spotlight new areas of application in our everyday lives.”

“The teaching is really excellent and I am growing in my walk with God and my understanding of human nature. I have been given a vision to work with addicts and the homeless, to bring them to wholeness. This is excellent, God-appointed training.”
