# Moulded In Christ to Rise up, be Overcomers and Never Ever The Same

The 9-day winter school that will change the course of your life!

Starting on Saturday and going through to Sunday of the following weekend, MicroNETS is designed to give those who work the opportunity to have a 9-day school using only 5 working days!

Students who have attended this course in the past have given testimony of how thoroughly blessed they were by their time on MicroNETS. Each day will start with a time of worship and a Bible study, followed by teaching, discussion groups and ministry during the day. Evenings will begin with another opportunity for worship, followed by teaching or demonstration ministry. Relaxation time is included too, giving you a chance to visit the surrounding countryside or just take time out to sit and watch the river go by!

This is an ideal opportunity to start 2009 by seeking God and being equipped to serve more powerfully in His kingdom.

"I came here to learn more about ministering to others, but while I was here God showed me that there were major areas in my own life which needed healing. God showed me that He accepts me just as I am. He has delivered me and set me free."
