

HEALING & RESTORATION

From the very beginning of Ellel Ministries, the main focus has been to bring God's healing and restoration to hurting people.

Several of the courses on offer have a special emphasis on helping to bind up the broken-hearted and to give rest to the weary. This could be from releasing a fresh creativity in someone, taking the time to be still with Jesus, or through individual prayer and ministry times.

"Never have the words of Psalm 23 been such a reality as these two weeks at Blairmore."

"We arrived feeling drained, weary and wounded but are leaving with new hope and fresh vision and energy."

PERSONAL RETREATS FOR PASTORS AND LEADERS

Operation Blairmore: Caring for the Shepherds

A number of special free 10-14 day retreats for pastors and leaders are organised each year under the title *Operation Blairmore*. They are designed especially for those leaders and their spouses from around the world:

- Whose personal needs have become a hindrance to fulfilling their destiny in God
- Who are exhausted in the battle and desperately in need of rest and recuperation
- Who are looking to the Lord for direction and renewed vision

There is no formal programme for these retreats. Breakfast each morning concludes with a short 'Thought for the Day' devotional, and the day is then free for resting, reading, or walking in the beautiful countryside of the surrounding area with space to hear from God.

For some there will be a need for personal ministry; others may simply need rest in a secure and loving environment; for yet others there will be a need for encouragement and appropriate teaching relevant to their situation. All of this is available should you require it.

All places on these retreats are offered on a personal application basis and all applications are treated confidentially.

For a preliminary application form, please contact Ellel Scotland using the details provided on page 2.

Sitting at the Feet of Jesus

A special two week course held at Ellel Scotland with Johannes Facius

A precious opportunity to spend two weeks of personal time waiting on God. Helping believers avoid stress and burnout by learning the fundamental principles of biblical meditation and how to come to the place of hearing God's voice.

Johannes Facius shares life-changing keys of how to really sit at Jesus' feet and wait on Him. This teaching and practical guidance was developed during a three week time with leaders from around the world where, once they had learned to be still before God, they experienced an incredible outpouring of His presence. Leaders especially will value this unusual opportunity to seek God for themselves away from the demands of others.

- Mary and Martha
- Work and Rest
- The Battle for the Mind
- Dealing with Distractions
- Hearing the Voice of God
- Waiting on God
- Resting in God
- Receiving God's Rest
- Maintaining your Rest in God
- Obedience: a Place to Attain Rest

"As I have retreated into the Lord, He has refreshed me physically, released me emotionally and renewed me spiritually. Praise the Lord!"

Growing in Love

Healing Packages at Ellel Grange

Over the years Healing Retreats, with their blend of teaching and opportunities to receive prayer ministry, have been instrumental in bringing people into healing and a closer walk with Jesus. Many have also testified to the added benefits of attending short courses immediately before or after their retreat, and how God used this time to minister into their lives.

The 'Growing in Love' events are special integrated 10-11 day programmes for those who have not been on a Healing Retreat before. They bring together two of Ellel's short courses and the opportunity to attend a retreat.

They are especially suitable for those who come from overseas or have to travel long distances to an Ellel centre. To find out more about particular courses turn to the relevant pages; details of Healing Retreats can be found on page 13.

Please note that the price shown on page 63 excludes any charge for the Healing Retreat which is by donation. Places on these packages are limited - early booking is recommended.

Getting to the Root of the Problem

Have you been prayed for repeatedly for the same issue? Do you feel that you seem to go round and round the same problem in your life? God knows the foundations of your being and the key areas that affect your life. If the fruit is there, there will be a root. Sometimes dealing with this requires more time for ministry than is normally available. With that in mind, this course has been specially revised as a 5-day course which includes a free two-day Healing Retreat to allow quality time for ministry into the root issues identified.

Topics include: Forgiveness – Gateway to Healing; Dealing with Personal Sin; Generational Iniquity; Blessings and Curses; Inner Truth and Core Lies; Restored to Wholeness; and Walking in Healing.

Restoration Weeks

at Ellel Glyndley Manor

A week of opportunity to understand both the causes of damage in people's lives and how to personally receive God's restoration. God's heart is for wholeness and freedom for every part of our being, in order that we might fulfil the destiny He has prepared for us.

Damaged buildings do not function as the builder intended; restoration, sometimes even down to the foundations, can bring an extraordinary new lease of life to the whole structure.

When we take time to understand the spiritual principles that underlie the condition of our lives, we give God the opportunity to show us more clearly the particular ways in which we have become damaged and to demonstrate His amazing ways of bringing restoration to spirit, soul and body.

The course starts with arrival from 4pm on the first day and finishes with departure after lunch on the last day.

Restoration Weeks Content

There are four different one week programmes in 2008.

Rebuilding Lives

First half of the week: teaching and discussion times to give an understanding of the principles of disorder, spiritual captivity and wounded-ness in our lives.

Second half of the week: teaching and prayer ministry into the particular areas of fear, rejection and trauma.

6 - 13 Feb 2008 at Glyndley Manor
15 - 22 Oct 2008 at Glyndley Manor

Rescue from Rejection

Past rejection can blight our lives and rob our freedom.

First half of the week: teaching, discussion times and creative opportunities to give an understanding of rejection and God's antidote - unconditional acceptance.

Second half of the week: teaching and ministry looking at how we move on from the identity of a rejected person and grasp our freedom as a blood-bought, fully accepted and secure child of God.
