

# About the Investigating Series & Ellel Ministries

The *Investigating Series* is a programme of six courses investigating special topics that go deeper into the teaching of the current modular series.

Testimonies from previous Ellel Ministries events:

*In order to give Jesus all the glory and honour, I must include Ellel, and in particular Glynndley Manor. It was there that I received so much knowledge and healing, through the love, compassion and prayers of the people who minister there.*

*'This course allowed me to find a place where I could be honest and real with myself, others, and with God.'*

## ABOUT ELLEL MINISTRIES

Ellel Ministries is a non-denominational Christian mission organization established in 1986. Its primary purpose is to provide training and personal ministry in Christian healing and discipleship, fulfilling the commission of Jesus to preach the Kingdom of God, heal the sick and set the captives free.

A PROGRAMME OF SIX COURSES investigating special topics that go deeper into the teaching of the current modular series.

## What is the Investigating Series?

The *Investigating Series* is a series of six weekend courses to be held at Glyndley Manor during 2008. The courses are being provided to extend the application of the teaching from the Modular School, further investigating significant issues concerning the healing ministry.

Each course will include teaching, discussion times, question times and opportunity to receive a deeper measure of God's freedom and wholeness, particularly in the topic being covered.

Each course stands alone and is open to anyone wishing to explore the particular subject; however it is recommended that those coming have previously attended some foundational courses on the healing and deliverance ministry. We will be happy to give specific advice on this.

*For those wishing to book on the whole series, there is a discount, together with special materials, tutorials and a certificate of completion.*
