

SOME OF THE TEACHERS

PETER & FIONA HORROBIN

International Directors of Ellet Ministries

Peter's biblical teaching has a strong prophetic edge. His book 'Healing Through Deliverance' establishes the scriptural basis and practical insights for the healing and deliverance ministry. His personal walk with God and his enthusiasm for God's Kingdom to be established is infectious.

Fiona is a founder member of Ellet Ministries, and has many years experience of the healing and deliverance ministry. She brings a special contribution to the School on how to minister to broken people who have been damaged

MARTIN & GINNY KNAPP

Centre Director of Ellet Grange

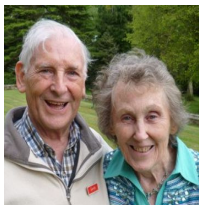

Martin & Ginny have been involved with Ellet Ministries since 1991. Martin retired in 1999 from a career in the Royal Navy and, following 9 months training at Ellet Pierrepont, they served for 6 years on the Ellet Pierrepont leadership team. Martin became Centre Director at Ellet Grange in April 2010. They have a heart for taking the vision of Ellet Ministries' key verse (Luke 9:11) out 'to the nations' and have travelled extensively with the ministry.

PAUL & LIZ GRIFFIN

Leadership team and teachers at Ellet Grange

For 20 years Paul and Liz lived as expatriates in South Africa, Bahrain and Japan and were involved in many Christian activities. A growing desire to serve the Lord, led Paul to resign his job and enrol for a three year Bible College course back in England. They became involved with Ellet Ministries in 1991 as part of the Ministry Team. They joined the full time team at Ellet Grange in 1995, where they are members of the Leadership Team, and where they teach and minister to those seeking healing in their lives.

MARGARET & DAVID SYLVESTER

Leadership Team Ellet Grange

David & Margaret both had careers in education until God called David to train for pastoral ministry. In their second church where there was a real move of the Holy Spirit, people with broken lives came to faith. In their desperate search to help these people God led David and Margaret to establish a healing ministry. In 2000 having received a direct call from God, they moved to Lancaster to become part of the work of Ellet Grange.

Ellet Ministries has also many associated teachers teaching on different courses and schools. The involvement of teachers is always subject to change and varies at the different centres.

THE COURSES

FOUNDATIONS FOR THE HEALING MINISTRY

Jesus said that anyone who has faith in Him would do the things that He did. Preaching the Gospel, healing the sick and driving out demons is as relevant today as it was then. This course is suitable both for those who have experience of the healing ministry and those who do not. It gives a biblical foundation for the New Testament practice of healing and looks at the whole range of Christian healing ministries such as physical healing, inner healing and deliverance. The course will help those who have been believers for a long time but who have little or no concept of the dynamics of healing and particularly those who are or will be involved in their local church ministry team.

MOVING UNDER THE ANOINTING OF THE HOLY SPIRIT

To live the abundant life that Jesus came to give us, we need to be living and moving under the anointing of the Holy Spirit. This course will help Christians who struggle with the understanding and exercise of spiritual gifts. It is also relevant for those who are being called to minister to others. The clear Biblical teaching has enabled many people to enter into the baptism of the Holy Spirit and the exercise of spiritual gifts. The ministry time provides opportunity for prayer to release blockages that may be hindrances to being released in the Holy Spirit.

ACCEPTANCE AND BELONGING

We all desire to belong. God has given us an in-built desire to feel recognised, valued, and accepted for who we are. When this need has not been met in a rightful way it can result in our rejecting others, ourselves and even God. This essential course explains how we can learn to accept God as he really is, others as they are and ourselves as unique and precious children of God. It is for all those who want to escape the treadmill of rejection and move into acceptance and belonging. The teaching will be especially helpful to those who are called to minister God's love to hurting people.

INNER HEALING AND EMOTIONAL WHOLENESS

Jesus' compassionate response to those in need demonstrates that true healing is bringing wholeness not only to our bodies but also to our emotions and inner being. This very popular course will help all those seeking to understand how healing and wholeness may be experienced for themselves. It also presents vital keys to all those who are involved in or feel called to minister God's healing love to others.

DELIVERANCE MINISTRY 1

Deliverance ministry was an integral part of the healing ministry of Jesus. This course looks at deliverance from both scriptural and practical perspectives. It explains how demonic footholds can be established in a person's life and presents key principles by which the captives may be set free. The course is designed to train and equip those who are called to the healing ministry and will greatly benefit all those involved in leadership within the body of Christ.

THE TRUTH ABOUT SEXUALITY

We live in a world that has distorted the godly concept of sex and sexuality. As a result there are many Christians living in guilt or struggling because of lack of knowledge, wrong past choices or as a consequence of sins that others have committed against them. This vital course offers a safe place to help those who struggle in this area and seeks to present a clear Biblical view of God's order and intention for sex and sexual expression. It will also explain the consequences of wrongful sexual activity and teach and apply principles, which lead to healing and restoration of godly order. The teaching content of this course will also be most helpful and beneficial in training and equipping those who are involved in counselling and prayer ministries.

STEPS TO FREEDOM FROM FEAR

Fear is one of the most common and crippling experiences of life. It damages and constrains our lives, work, relationships, ministry and service for the Lord - affecting our whole being. This ministry course seeks to provide understanding of the often deep seated causes of fear and how God's healing love can bring freedom, release and restoration. The course is for those who struggle with fear and also for those who seek to minister to others.

RESTORING THE HUMAN SPIRIT

This exciting course is all about discovering who we really are and how God alone can meet the innermost needs of our heart. The life imparting teaching, testimonies and key principles presented for moving into wholeness will be of great encouragement to all. This course will be helpful to all those who feel crushed in spirit but desire a closer walk with God and improved relationships with others. Those involved in counselling and prayer ministry will also find the course beneficial. An understanding of how the human spirit can be damaged and how to bring God's healing to this part of a person's being is vital as one seeks to minister God's love to hurting people.

PRINCIPLES FOR CARE, COUNSELLING & MINISTRY

Do people come to you and share their problems? Are you a member of a Church prayer ministry team? Are you looking for confirmation that God might be calling you into the healing ministry? Do you feel called to care for others but inadequate and ill-equipped? This interactive course looks at what it means to be involved in helping others through caring, counselling and prayer. Who we are and our heart attitudes are more important than what we know. Relational skills are discussed and demonstrated, with an opportunity being given to use them in practical workshops.

HEALING WORKSHOP

The Healing Workshop is for Modular students only. The aim of this 4-day event is to put the teaching of the first nine courses into practise. There will be some teaching but mainly it is counselling. In different groups the students pray for each other. It is all about receiving ministry and giving ministry to gain some hands on experience. This is a very valuable course to consolidate the teaching of the Modular School A and to gain some more in depth understanding of what students have heard and learned. Usually they are very much inspired and encouraged throughout this time and feel much more equipped to go and bring God's heart to a hurting world.
